# Enclosure Side Netting Installation Guide

Updated a year ago

## Side Netting Installation Guide:

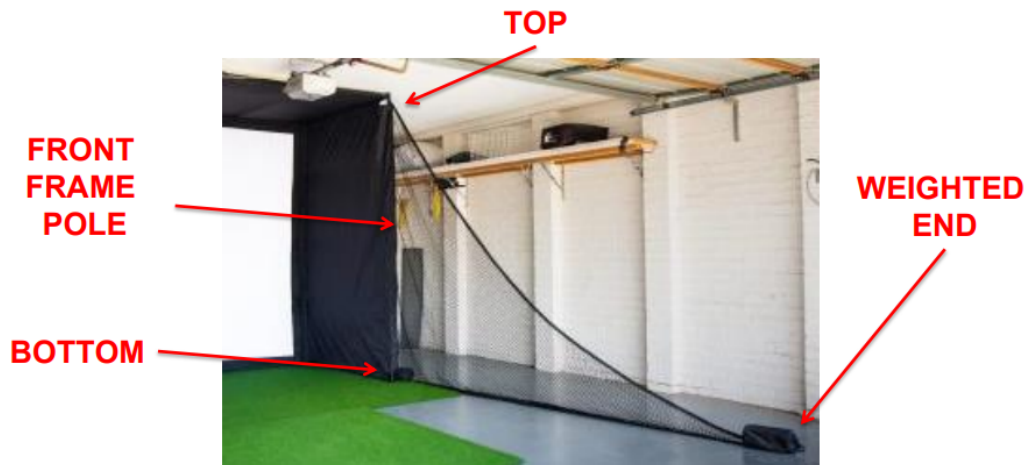

# Each Side Netting Kit includes:

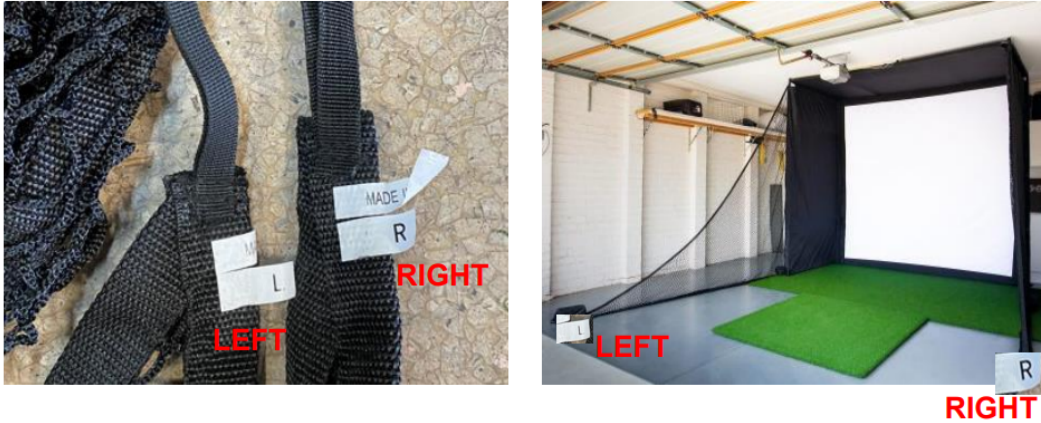

- 1 x Left Side Net
- 1 x Right Side Net
- 4 x Weighted Sand Bags

## Side Netting Identification

# Side Netting Identification

The white L & R tags should be on the ground at the 'Weighted End'

## Step 1

Ensure the Enclosure Material is not connected/velcroed to the front pole

## Step 2

Velcro the top of the Side Net to the Enclosure Material

## Step 3

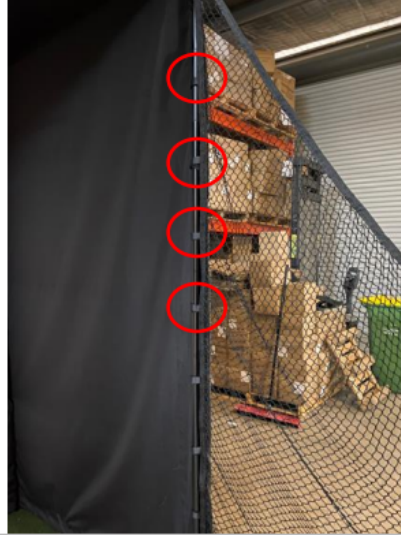

Connect the Velcro strap to the top frame

# Step 4

Connect the remaining Velcro straps to the front frame

# Step 5

Fill the Sand bags with a Brick or Sand

# Step 6

Extend the net out and place the Sand bags in the following locations
